## Our Partners

*Bringing You the Best in Applied Products*

[accutrollc.com](http://accutrollc.com)

Specializes in the manufacturing and distribution of innovative airflow control and measurement technologies for critical environments within university, healthcare and research facilities.

Their customizable airflow solutions include:

- AccuValve® low pressure drop airflow control valve (AHR Innovation Award winner)
- AVC Fume Hood Control System (AHR Innovation Award winner)
- Room airflow and temperature controls, room pressure monitors
- Vortek<sup>G3</sup> airflow measurement for duct, fan inlet & fan array / outdoor airflow measurement

[acutherm.com](http://acutherm.com)

Modular VAV systems from full BACnet® enabled VAV diffusers to thermally powered VAV diffusers for use in HVAC systems

[antrum.com](http://antrum.com)

AntrumX™ is an award-winning, centralized sensing technology, delivering solutions in the education, laboratory, cannabis cultivation, commercial office, VRF, MRI and parking garage markets.

[carelusa.com](http://carelusa.com)

Leading designer and manufacturer of humidification systems in the USA

[easinc.net](http://easinc.net)

Environmental Air Systems offers off-site construction for central energy plants, mechanical/electrical penthouses and data centers up to 1 MW that are scalable and expandable

[measuredap.com](http://measuredap.com)

Energy saving technology for lab exhaust fans—Active sensing for lab exhaust fans can reduce energy consumption up to 40%, qualify for utility rebates, and achieve ROI in under 18 months.

[munters.com](http://munters.com)

### Data Center Cooling

Munters designs and manufactures cooling solutions for data centers. Using the latest technology in direct evaporative cooling, indirect evaporative cooling and ThermoSyphon refrigeration circuits provides a thermal effectiveness of over 70%. Data centers around the globe are benefitting from low PUEs by using Munters' technology.

[munters.com](http://munters.com)

### Desiccant Dehumidification Systems

Desiccant Honeycomb® Wheel Technology provides low-humidity for such applications as pharmaceutical facilities, archival storage, food processing facilities, water treatment facilities and more.

[onicon.com](http://onicon.com)

Leading manufacturer of turbine, electromagnetic and ultrasonic water flow meters, vortex steam meters, thermal mass and BTU meters.

[polygongroup.us](http://polygongroup.us)

Polygon offers comprehensive, temporary climate solutions for controlling the temperature and humidity of a building and manufacturing environment.

[strobicair.com](http://strobicair.com)

High Performance, direct drive critical air exhaust systems for pollution abatement, re-entrainment prevention and odor control. Utilized in laboratory applications, isolation rooms, diesel and boiler exhaust systems. Offering a leading 7-year standard factory warranty and the lowest industry vibration levels.
